THE PROHIBITION VOTE.

The result of the vote last Monday on the prohibition referendum means that this province and the other three provinces which gave a dry majority at the same time, have gained from the Dominion government the right to prohibit the importation of liquor into the respective provinces.

The outcome of the vote was a surprise and a disappointment to all concerned, but more especially, perhaps, to those who supported the prohibition cause. This was due to the fact that such a comparatively small vote was polled throughout all the provinces with the possible exception of Nova Scotia.

Prohibitionists claim, and no doubt rightly so, that the small vote worked to their disadvantage, as they claim a large percentage of those who failed to register their vote were sympathetic to their side of the issue.

However, the result of the vote shows that a fair majority in all four provinces is in favor of taking another step toward total prohibition. There is no doubt that the utter lack of any attempt to enforce the present liquor laws was largely responsible for the small vote polled. People were so disgusted with conditions as they exist today and have existed for the past year, that they lost sight of the main issue before the electors on this occasion and allowed themselves to be influenced by arguments, the objects of which were to belud the main issue and befuddle the electors.

According to the Act under which the vote was taken the present system will remain in force for sixty days. After that time it will be the duty of the provincial legislature to enact new laws setting forth to what extent liquor may be used within the province, in accordance with the will of the people, which was so the effect that it must not be imported into the province.

The actions of the legislature in this connection will be followed with interest by the public. Already we are told by the premier and his attorney-general that the vote must be carefully analyzed before any definite action is taken. While this may be necessary to a certain extent, yet it should not follow that those who were not interested enough in the issue to turn out and cast their ballot one way or the other, should be entitled to any consideration in the final settlement.

One very noticeable feature in connection with the result of the vote is that notwithstanding the fact that women voted on this occasion the vote was not nearly as large or nearly so decisive as it was in 1915 when only men did the voting.

Householders in town would be well advised if they would heed the warning given by Councillors Kents at the council meeting last Monday evening, and take steps to have the accumulation of weeds in the fence corners and back yards destroyed. These weeds not only furnish an inviting temptation to children, who may happen to have a few matches in their pockets, but they may also be the means of spreading a fire started from some other source. It would be well if some attention were given to this matter by those concerned, as soon as possible.

Borden First Choice

For Ambassadorship

It is semi-officially stated at Ottawa that there is no truth in the statement made in American and British papers that the delay in the appointment of a Canadian ambassador to Washington as being delayed because of objections made by Sir Auckland Geddes, the British ambassador.

Sir Auckland Geddes has not interfered with the appointment in any way. The facts of the situation appear to be that, as there is nothing in the situation so urgent as to call for an immediate appointment, it has been thought better to wait until after the election campaign across the line is over.

Nothing definite has been decided yet as to who will be appointed. It will first be offered to Sir Robert Borden, and if it is not taken what his decision will be on the matter.

Byran Advocates Cancellation of Allied Debts

William Jennings Bryan's advocacy for a cancellation by the United States of all war debts against its European allies, as the first step toward a universal peace, brings a semi-official statement from the British foreign office sources, close to Lloyd George. Such a statement is unusual, but the position of Bryan in the United States is unusual and as the former secretary of state is the father of arbitration treaties, with which the United States negotiated with many other nations, he is regarded as being an especial authority on matters relating to foreign relations. Great Britain stands ready to cancel her credits from her European allies if the United States will wipe out the obligations Europe owes her or England will match the United States, dollar for dollar on such a proposition.

The Ladies Aid Society will meet with Mrs. D. MacLachlan next Thursday afternoon at 2 o'clock. Full attendance requested.

ASK GOVERNMENT TO

APPOINT WHEAT BOARD.

On the ground that the discontinuance of the Canadian wheat board has resulted in undue depression of prices, the Canadian Council of Agriculture decided to urge the Dominion government immediately to re-appoint the board for the marketing of the balance of the 1920 wheat crop. The marketing of the wheat crop by farmers' co-operative agencies was strongly advocated.

The main portion of the village of Margaret, Man., 30 miles south of Brandon, was wiped out by fire early Sunday. It was reported Tuesday.

(2) Lady Carr shaking hands with Apianista Weasel, Chief and his wife. The wife of Apianista is original treaty.

NEW C.P.O.S. LINER

THE EMPRESS OF CANADA AFTER BEING LAUNCHED

The Empress of Canada, a twin screw geared turbine oil burning passenger liner, built to the order of the Canadian Pacific Ocean Services, Limited, especially for their trans-Pacific service, was recently launched at the yards of the Fairfield Shipbuilding & Engineering Co., Limited, Govan, Scotland.

The christening ceremony, which was performed by Mrs. G. M. Bosworth, the wife of the chairman of the Canadian Pacific Ocean Services, Limited, went through without a hitch.

The ship is 653 ft. long, 77 ft. 9 in. wide and has a depth to the bridge deck of 53 ft. 6 in. Her gross tonnage is about 22,000 tons, and she is arranged to carry about 400 first class, 106 second class, 238 third class passengers, and 547 of a crew. Of the cargo space, large portion has been fitted for the carriage of mail. The ocean speed is about 21 knots. The vessel is built to the highest class of Lloyd's register to full Board of Trade requirements and sub-divided in full accordance with the requirements of the Bulkhead convention.

A complete system of telephones with a central exchange is fitted to the special and private suites and various offices, etc.

The dining saloon is on the upper deck and will accommodate 325 persons, a large reception room is situated forward of the dining saloon with passenger elevator at the fore end, and this deck also is a swimming pool 30 ft. long by 18 ft. wide, and a gymnasium.

Throughout the vessel special attention is everywhere given to the fact that the Empress of Canada is to serve in a semi-tropical climate; public rooms are therefore large and airy and the ventilation amply arranged. The maiden voyage of the Empress of Canada will be a tour of the world, starting from Liverpool, March 15, 1931.

A RED CROSS BRIDGE

Food Plentiful in Canada, Scarce in Europe—Needs of the Children.

The development of the dairy industry of Canada during the past two decades has been surprisingly rapid. Quiet to realize the supply to be derived from milk production and the great value of dairying in conserving the fertility of the soil, the Canadian farmer has not hesitated to increase his investments in dairy cattle. The industry expanded during the 30 years of world war. Canada, being almost unharmed by the drifting into military service of half a million of her men, vigorous husbandry was able to continue the development of many of her important industries, particularly agriculture.

It was not in Europe. There the fiery blast of war, which left scars in some parts of the world, almost annihilated not only industry but national life itself in other. The drain upon husbandry was so great that now in hundreds of thousands of families over is filled with orphan children whose prospect of life is marred by the lack of all that is necessary to bodily and mental growth. In most cases the earning power and consequently the purchasing power of their families is entirely destroyed.

Turning again to Canada we find there a surplus production of the commodities that are so badly needed in Europe. Condensed milk for instance is a commodity that is in prime necessity for the children of the poor communities of Europe but the nations to which they belong have no means of purchasing it for them. The Canadian Red Cross is going to endeavor to supply part of their needs by means of a general appeal for contributions to be made during Armistice week on behalf of the British Empire Fund, which is to be used in the humane task of relieving the sufferings of millions who are stricken by famine and disease. Part of the fund will be used for purchasing in Canada suitable supplies and thus the Red Cross will furnish the bridge across which some of our surplus milk will reach the starved children in war-stricken areas. Those who assist will not only have the satisfaction of having contributed to relieve the sufferings of others less fortunate by helping others less thereby indirectly help themselves.

FROM GENEVA.

Organizer for League of Red Cross Societies Tells of Need of Europe's Orphanage.

"While we at home are intent on industrial expansion and on the welfare of our own people, the children of Europe are in the hands of the Red Cross Societies of the World, which has its headquarters at Geneva, Switzerland. He visited Toronto to learn the progress of the Canadian Red Cross Society and to establish closer contact between it and the League.

Millions of War Orphans. Having just arrived from Europe, Mr. Brown was able to give the Canadian Red Cross some first hand information concerning the people of Europe. He called attention particularly to the condition of the children, so many of whom are now orphans. While the exact number who have lost one or both parents during the war cannot be determined, the most conservative estimate places the number at over ten millions. This number seems quite consistent with the heavy war casualties among so many nations.

Dependent Upon Charity.

The condition of these children is in most cases very pitiable. Many of them have no homes and they are dependent upon whatever may be charitable and kind enough to help them. But there are few who are able to give such help for the want of the people of France, Poland, parts of Roumania, Czechoslovakia and other countries are so poor that they have no resources for themselves. Consequently in the great areas between the Baltic, the Black and the Adriatic Seas, there are millions of children who face the next few years, and particularly the coming winter, without hope of proper care unless outside assistance is given them.

Measures Proposed.

In addition to the unhappy condition of the children the adult population is in the direct of misery on account of the famine. Suffering is also accounted by lack of food and clothing, burning and medical attention, and tuberculosis, measles, typhus and dysentery are continuing unchecked.

Typical of what has often proved

typical of what has often proved desperate and unmanageable, and unless checked will most likely extend its ravage to an alarming degree.

British Empire Appeal.

It was the urgent request of Mr. Brown said, the League of Red Cross Societies has made an earnest appeal to the people of the British Empire to be made to hear that the British Empire War Relief Fund is being taken up in Canada. He has invited that an appeal on behalf of the British Empire War Relief Fund be made in Canada by the Canadian Red Cross Society during Armistice week and wished for it every success.

Typical in Canada.

In his earlier days Canada suffered from the ravages of a disease known as "spotted fever" but now typhus. It is a disease that is rapidly and is very destructive of human life. In the past it has been brought to Canada by immigrants and caused great loss of life. It is now being taken up again and it is not only a danger to the lives of those who are in contact with it but it is a danger to the lives of those who are in contact with it.

DISTRESS IN EUROPE

British Empire Appeal to Help Smaller Nations.

Canadian Red Cross to Organize Appeal on Behalf of Orphans—Call to Be Made in Armistice Week.

An urgent appeal for aid to combat the widespread disease and distress in the war-stricken areas in Europe has been made by the League of Red Cross Societies to the nations which have suffered least from the war. In response a War Relief Fund has been undertaken in Great Britain with an Empire-wide appeal for contributions. The fund is under the immediate patronage of His Majesty the King and has the support of all parts of the Empire.

His Excellency, the Governor-General of Canada, having received communications from London upon this matter, consulted the Prime Minister, and with his approval referred the question to the Canadian Red Cross Society, and it was arranged for an appeal to be made in Canada during Armistice week in November. The fund will be known as "The British Empire War Relief Fund."

To Make Known the Need.

The Canadian Red Cross Society accepted the task of making this appeal known throughout Canada only in view of the relentless circumstances and the human desire to help to alleviate the terrible suffering of a large number of people. The reasons are numerous and compelling. Large populations are suffering from disease and distress. Millions of innocent children are among them. Even in times of peace, great numbers of people live close to the bread line. The war drained them of all their resources. The reasons are numerous and compelling. Large populations are suffering from disease and distress. Millions of innocent children are among them. Even in times of peace, great numbers of people live close to the bread line. The war drained them of all their resources.

Through the years of strife they have been unable to recover. The children of the war are still in the hands of the Red Cross Societies of the World, which has its headquarters at Geneva, Switzerland. He visited Toronto to learn the progress of the Canadian Red Cross Society and to establish closer contact between it and the League. The whole community is faced with starvation, whilst the abundance of clothing and drugs makes it impossible for the authorities to make any headway against the epidemic. Here we have a country into which the idea of modern sanitation has never penetrated; for the most part there is no water supply in the smaller towns and villages are wells, whilst the work of sewerage is done by open gutters running through the streets. There are no doctors, no nurses, and no beds, and in many instances, typhus patients lie unattended on the bare floor. Throughout the rural districts whole families exist in miserable one-roomed huts, their diet consisting of starchy potatoes, of potatoes and beet, both bread and meat being lacking, and in many instances, in almost every case there are several children in the family, and many families are stricken with the disease, and are perforce left to die unattended.

Many Countries are Suffering.

What is said of Galicia is true of other countries of Europe, such as Rumania, Lithuania, Latvia, huge territories of the Ukraine, Soviet Russia, Yugoslavia and Czechoslovakia. Nor is typhus the only affliction. Tuberculosis, measles, dysentery and relapsing fever are also ravaging large areas.

Lack of Medical Aid.

These terrible conditions have been called to the attention of the people of the British Empire in a statement by the Hon. Mr. Arthur J. Balfour, who, speaking for the Council of the League of Nations, expressed the following: "Men, women and children are dying by thousands, and over vast and civilized areas there are neither medical appliances nor medical staff sufficient to cope with the horrors by which we are faced. Governments have little certain help, but their power to bring relief, but their resources are so small that they are only able to do so by voluntary effort."

Men, Women and Children.

Mr. Livingston Farrand, chairman of the Central Committee of the American Red Cross, who has just returned from Europe, states that there are 11,000,000 children in Europe who from the first day of hostilities have been without adequate assistance in given.

For Suffering Children.

No stronger call could be made to humanity than that of suffering children, and on their behalf particularly the Canadian Red Cross will appeal throughout Canada during Armistice week. Each provincial division of the Red Cross will have charge of the arrangements in its own province, and all Red Cross workers should themselves take touch immediately with their local branches and with the headquarters of the Provincial Division if a local branch is nonexistent.

No Stronger call could be made

to humanity than that of suffering children, and on their behalf particularly the Canadian Red Cross will appeal throughout Canada during Armistice week. Each provincial division of the Red Cross will have charge of the arrangements in its own province, and all Red Cross workers should themselves take touch immediately with their local branches and with the headquarters of the Provincial Division if a local branch is nonexistent.

Thirty years ago there were only two silk hats in the city of Regina. One was the property of the late Nicholas Flood Davin, which he wore on state occasions; the other was worn by Dr. W. D. Cowan, a slim young man who had arrived in Regina on his honeymoon and there he remained to practise his profession of dentistry. He was a recent graduate of an eastern college and at that time it was an idea in the east that professional dignity could hardly be supported without a frock coat and a tall hat. Accordingly Dr. Cowan wore his on all, and every day. He was a very successful dentist, and when he was called to work in his dental parlors it posed in splendid isolation on the table top and was regarded with great reverence by those who had occasion to seek his professional assistance.

in the procession. As the cortege swung from Searth Street to South Railway Street, with the band blaring bravely and the Orangemen with their chests expanded strutting along, some called Hiscox's attention to the fact that a group of boys were following proudly from the rear of the C.P.R. and which was a disgrace. Uttering an imprecation which we would not dare to repeat in this family journal, he broke from the ranks, bounded across the piece of vacant land which separated South Railway Street from the C.P.R. tracks, and climbing a small ladder with the agility of a monkey, he tore down the hated emblem brought it to the ground with him and trod it into the dust.

When the Union government was formed he was the unanimous choice of the supporters of that administration and was elected only a few days after the election of a very large majority. Whilst in Ottawa he has been unceasingly in communication to the wants of the constituents. He brought to Dominion Western Canada the knowledge of men and conditions in the West. He is a man of very active and aggressive fighting spirit, but never high above the level of the average of his opponents alike. He is a strong believer in the ultimate destiny of Canada in general and the west in particular, and has set up a standard of national ideals. Despite his long and active life he is still full of energy and vigour and the reason he has no doubt that there is still further progress before him.

It is hardly dignified for a country like Canada, however, to depend for its safety on alien ships. We want a navy in Canada and we want a fairly strong one. In the east there is a population of seafaring people who have excellent naval reservists and a similar class is growing up on the Pacific Coast.

Before the expiration of the stipulated time Peekúch appeared alone.

are getting sugar at from eight to 10 cents per pound cheaper than the amount set by the Canadian Board of Commerce. This is also true of other cities in the States.

ITEMS OF LOCAL INTEREST

Workmen are now engaged putting in the telephone line to Box Springs.

T. B. Gordon, of the Schuler district, was found dead in a barn in Medicine Hat last Saturday.

J. H. Young, who has been on his farm north of town all summer, returned to town last week for the winter.

Misses Cora Lee Ratliff and Odell Gibson, of Medicine Hat, spent last week end in town with the latter's mother, Mrs. Geo. Gibson.

The Bowell U.F.A. are giving a social evening and dance on Friday evening, November 5. Ladies bring sandwiches and cake. Gentle tea admission. A hearty welcome is extended to all.

Mr. and Mrs. Kinloch, of Toronto, arrived in town last Saturday and will spend the winter in town visiting their son, H. O., for the winter. The latter's little daughter accompanied her grandparents.

There will be a meeting of the Civic Improvement League held at the home of Mrs. E. R. Stoner, Fifth street, next Tuesday afternoon at 2 o'clock. An important business will be brought up a full attendance is requested.

Everything is now ready for the grand concert to be given in the Amuse-U theatre tonight, under the auspices of the Ladies' Aid of the Gordon Memorial church. The program will be put on by the choir from St. John's church, Medicine Hat. The performance will commence at 8.30.

The new quarters engaged for the use of the Boy Scouts has been comfortably fitted up during the past few days and is now ready to occupy. The work of putting it in shape was undertaken by the senior boys and they have made a good job of it. The first meeting is being held tonight and it is hoped there will be a good turnout.

Mr. and Mrs. Herbert Munn, of Moose Jaw, who have been spending their honeymoon at the Pacific coast, stopped off in Redcliff for a few days this week to visit the bride's friends. Mrs. Munn, whose maiden name was Anna Vernon, is well known in Redcliff, having lived here for some time prior to moving to Moose Jaw. The wedding took place on the 19th of this month.

This week W. H. Munsey received two fine pedigreed white Leghorn cocks from the of the best poultry ranches in the United States. These cocks are from one of the best laying strains on the continent. They will be quite an acquisition to Mr. Munsey's already fine flock and he will be better prepared than ever to supply first class eggs for the hatching season next spring.

Try us for your made-to-measure fall suits new samples. The Hicks Trading Co.

All kinds of ladies tailoring; also ladies and children's coats made at very reasonable prices. Apply Mrs. Edgar Dunbar, Third street north.

Don't forget the masquerade ball in Reid's hall tomorrow (Friday) night under the auspices of the Altar society of the Catholic church. Good prizes are being offered for the best costumes.

James Whitehead, of the Box Springs district, was taken to the Medicine Hat hospital last Monday. He was taken ill suddenly and it is not known yet whether or not his ailment is serious.

A meeting is being held in Medicine Hat tonight to organize an association of the National Liberal and Conservative party for the federal constituency of Medicine Hat. Quite a number from Redcliff are attending this meeting.

Arthur Williamson, 14-year-old son of Mr. D. H. Williamson, Box Springs, was thrown from his horse last Sunday and had his shoulder dislocated. He was taken to the Medicine Hat hospital and is now reported as progressing favorably.

Arrangements are now being made by the members of the St. Ambrose church choir to put on an entertainment in the Amuse-U theatre in the near future. The date has not as yet been definitely set. Watch our next issue for fuller particulars.

Mr. and Mrs. T. L. Atkew, of North Vancouver, B. C., arrived in town on Wednesday and are visiting their daughter, Mrs. E. J. Woolven. Mr. and Mrs. Atkew have spent the last few weeks visiting prairie relatives and friends, and before returning to the coast they will visit their son at Monkton, Alta.

FORGING

FOR NEAR A SCORE OF YEARS THE U.F.A. HAS BEEN FORGING AHEAD.

SOME MISTAKES HAVE BEEN MADE BUT THESE HAVE BEEN ERRORS IN METHOD ONLY—ALWAYS THE OBJECTIVE, CLEAR CUT, WELL-DEFINED HAS BEEN IN VIEW.

URGED ALWAYS—BY A NEED ONLY TOO EVIDENT, AND BUILDING ORGANIZED STRENGTH ON ORGANIZED STRENGTH—STEADY, WELL ORDERED PROGRESS HAS BEEN MADE.

LOOKING ALWAYS TO THE FUTURE—TO THE BUILDING OF A TRUE DEMOCRACY WHEREIN THE REAL WORKER WILL RECEIVE ADEQUATE COMPENSATION FOR HIS YIELD—CONSISTENTLY, WITHOUT FALTERING, THE CHAIN HAS BEEN FORGED LINK BY LINK.

THE ORGANIZATION HAS NOW REACHED A POINT WHERE ITS VERY STRENGTH ATTRACTS THE LOYALTY OF MANY MEN, BUT ITS TASK CANNOT BE COMPLETED UNTIL IT HAS THE ACTIVE SUPPORT OF THE RURAL POPULATION 100% STRONG.

IT MUST HAVE YOUR SUPPORT!

ON NOV. 1 OR NOV. 2 A REPRESENTATIVE OF THE ORGANIZATION WILL CALL UPON YOU.

WELCOME HIM.

HE WILL ASK FOR A CONTRIBUTION.

BE PREPARED TO DO YOUR PART
